Maximising The Potential Of Each Child Through Christian Education

## Vaccination Policy

Lendy Park School acknowledges the importance of vaccinations to protect the community and the individual from preventable and transmissible diseases. This policy states the actions the school may or may not take with regards to vaccinations.

1. A child **may** be refused entry onto the school premises if they have not received the vaccinations as required for children by the Ministry of health and Child Welfare.
2. At enrollment, the parents of a child **must** present a copy of their child's birth card showing a record of all vaccinations done. Failure to submit the card or details regarding the vaccinations may be grounds for refusing to enrol the child. If the required vaccinations have not been administered, this may also be grounds for refusal to enrol a child.
3. No vaccination may be administered to any pupil of Lendy Park School without the express permission of the parents or legal guardians of the child ( This must be in the form of a signed permission slip.) **and** the headmaster or his acting deputy in his absence.
