Newsletter 1/Term 2 2020

Wednesday, 13 May 2020

Dear Parents and Guardians,

I would like to share with you a thought from Brian Bliss, one of the co-founders for PSI, the Paths to School Improvement arm of ACSI. This message was shared to us by Sarah Cross, Chairperson of ACSI Zimbabwe.

“All around the world, the common understanding of “school” is being challenged. Many are frustrated and fearful and in despair. “We can’t DO school the way we DID it before!” I certainly don’t want to minimize the challenges; they are very real. But I do believe that during this time, truly Christian schools have a distinct opportunity to continue to make an eternal impact in the minds and hearts of their students and families. It is because of our foundation.

As a Christian school, we want to continue to offer our children the best education despite the challenges we are facing.

First Week of Offsite Learning.

It was extremely exciting. Nearly every child managed to take part in the lessons. A few challenges were encountered, and they are now being sorted out. I am delighted with the response from the pupils who have embraced this system of learning very quickly.

Econet Data Bundles.

We need at least 50 parents to be able to access the discounted data bundles. So far, we have not yet managed to get the 50 parents. I will inform the parents when to pay for the bundles.

2019 School Magazine.

The school magazine is out and available in the school office. This is for children who were in the school in 2019 including Grade 7s. We have allocated one magazine per each family.
