New Staff

We are delighted to extend a warm welcome to several new members joining the Lendy Park Team this term.

In the Physical Education department, we are pleased to welcome Mr Wilson Marichi, formerly of Tynwald Primary School. Mr. Marichi brings a substantial breadth of experience, particularly in the realms of cricket and rugby.

Joining our IT department is Charles Mwakandiedza, whose extensive background includes several years of teaching computer science across various educational institutions. Mr. Mwakandiedza possesses notable expertise in IT infrastructure maintenance, programming and website development.

Additionally, we are pleased to introduce two Junior Staff members: Anopaishe Ruzvidzo and Kundai Mugugu. They will be assisting with sports coaching and in the classrooms for the duration of this term.

We earnestly pray for the Lord's blessings upon their tenure with us as they serve in their respective capacities.

"For in him all things were created: things in heaven and on earth, visible and invisible, whether thrones or powers or rulers or authorities; all things have been created through him and for him.

Colossians 1:16

ACSI Pathways to School Improvement

This holiday saw the team comprising of Mrs Magumise, Mrs Chigwedere and Mr Chinhamu graduating as accredited ACSI School Leaders for the PSI Programme. We celebrate their success and pray that the Lord will guide and strengthen them for the road ahead.

This means that we are now closer to receiving our first inspection and, I am expecting, our first certification from the ACSI as a way of quality assurance that we are providing a quality biblical based service to you and your children. This is something that we are eagerly awaiting.

It is important to note that this is then not the end of the process, but the beginning. ACSI will then monitor the school on a termly basis and we will then need to seek regular recertification.

Our Goals at Lendy Park School

Lendy Park School was established with the primary objective of providing the Marondera Community with an alternative ATS School, one that offers a curriculum deeply rooted in biblical principles for those **who prioritise a Christian Education** over merely attending a church-affiliated institution.

We are committed to realising these ambitious objectives through a comprehensive spiritual formation plan and the infusion of a biblical worldview into both the Cambridge and ZIM-SEC curricula, **delivered by educators who embody a genuine faith in Christ.**

Our primary aim is to facilitate the holistic development of each student, ensuring they fulfil their God-given potential in academic pursuits, sports, cultural activities, and spiritual growth. These objectives are stated in the [Expected Student Outcomes](#) for a Lendy Park Student upon their Grade 7 graduation.

In essence, our aspiration is to nurture well-rounded individuals who are academically prepared for high school, proficient in major sports typical of ATS schools, possess a foundation in music including proficiency in at least one instrument and basic music literacy. While these goals are commonplace among educational institutions, what sets Lendy Park apart is our ultimate goal: to instil in our students a reflection of Christ's love through their actions and interactions, with the primary purpose of leading others to a transformative encounter with Christ.
