'For I know the plans I have for you,' says the Lord. 'They are plans for good and not for disaster, to give you a future and a hope.'

Jeremiah 29:11

A Child's Vision

It is an inspiring story of vision that connects our school with [Hope Point Christian School](#) in Sydney, Australia. About 18 months ago, a young leader (a child in the senior year group equivalent to our Grade 7) approached the principal with a vision to assist a school in Zimbabwe, where her mother originated.

This conversation resulted in a partnership between our two schools, leading to the sponsorship, through their fundraising efforts, of one of our pupils at Lendy Park. Additionally, we benefited from the remarkable professional development opportunities we undertook this week. These professional development opportunities were also extended to Springvale House, Ruzawi, and BMC.

This experience has been a profound lesson, illustrating the importance of never underestimating the dreams and visions of children and their potential impact. With a sense of purpose and direction, they can effect change in schools and lives across continents.

This is the aspiration we hold for our children!

Professional Development

This week, we had the pleasure of hosting Joe Britton, the headmaster of Hope Point Christian School in Australia, at our school. He brought a wealth of information on biblical integration, differentiation, and school culture, which we hope to integrate into our practices here at Lendy Park School.

It was enlightening to learn about the differences and the surprising number of similarities between our schools.
