Please note that the calendar may be updated due to changing circumstances.

Or do you not know that your body is a temple of the Holy Spirit within you, whom you have from God? You are not your own, for you were bought with a price. So glorify God in your body.

1 Corinthians 6:19-20

## Cancer Awareness Month

October marks Cancer Awareness Month, a vital time to reflect on how we can better understand, prevent, and fight this life-altering disease. At school, we believe it's crucial to help students, staff, and families be more informed about the importance of early detection and support for those affected by cancer.

Cancer can touch anyone, regardless of age, gender, or background, and raising awareness about it helps spread vital information. By knowing the signs and symptoms, such as unusual lumps, unexplained weight loss, or persistent fatigue, we can encourage early medical check-ups, which greatly improve the chances of successful treatment.

Help us to support this awareness programme by talking to your children about cancer and its risks. The children can come to school in their civvies on Monday wearing something pink. There is no charge for this civvies day.
