"The study of mathematics, like the Nile, begins in minuteness but ends in magnificence."

– Charles Caleb Colton

Flying the Flag

At the end of the holidays our two senior rugby teams travelled to Zambia to play in a 7s festival. They did exceptionally well, coming fourth overall.

As proud of that achievement as I am, I am more proud of the way they conducted themselves on and off the field. Please follow this [link](#) to read a letter that I received about our men of Lendy Park School. Education is more than examination results.

Lost Property at School

To give you some idea of the problem we are facing - all of this clothing and these shoes are unmarked and probably reported stolen.

Please help us to help you by ensuring all your child's possessions are marked.
