"But be doers of the word, and not hearers only, deceiving yourselves."
James 1:22

In the first three weeks of term, we looked at our first value: being Christ Centred. It has been amazing the snippets of that value that I have seen in the children's actions and how the value has come out in their conversations.

For the next fortnight, our focus is on **integrity** - being honest in word and deed **even when no one is looking**. We have had some excellent discussions about how this can be applied in the classroom; on the sports field; in the school and at home.

All this being said, I attended a workshop this week which looked at world views and I was so struck by the Post Modern Worldview which is where our children are now or heading towards. We were told that the biggest challenge we face with these children is that they are so tired of seeing hypocrisy and duplicity that they reject all the rules and values of the previous generations. They are seeking authenticity and I don't blame them at all.

What is critical, if we are to influence this generation, is that we must live authentic lives that model what we say. **In essence, we ALL must practise what we preach.**

Donation

A very big thank you to Mrs Jackie Dollar for the donation of a flat screen TV which will be mounted in the computer classroom.

We are most excited by this as it will now mean that Mr. Sagwata can begin teaching programming skills to our children - an essential skill going forward as our lives become more and more technology focused.

Thanks be to God for His provision to this, His school.
