## Is it the Means or the End Result Which is Most Important?

The Grade 6s contemplated this question this week. The overwhelming feeling amongst the children was that the person who comes first is the winner. This is a very common view in our modern society where we strive to be first or the 'best'.

While not taking anything away from the achievements of the person who comes first, I would suggest that there are often many winners. **A winner at Lendy Park is someone defined by the way a child played, prepared and worked, irrespective of their placing.** He or she who comes first in class or a race or a contest may not be a winner even if they came first; the effort, determination and the integrity with which they worked define the winners.

A BIG thank you to Mr. Paul Davis and Ru-zawi School for the use of their tractor this last weekend to fertilise our fields. It is greatly appreciated.
