## What is the Lendy Park Pupil?

As part of the ACSI—PSI programme that we are implementing, we have been asked to define the specific attributes that we are trying to nurture in our children at Lendy Park School. The idea is that the more specific the target that we are aiming for, the more likely we are to achieve our goals.

We so often talk about the 'Lendy Park Pupil', but what do we really mean when we say that? After much reflection, we have come up with a list of Expected Student Outcomes that we are aiming to nurture in our children by the time they leave Lendy Park School.

I would value your feedback and comments as we finalise these attributes that will define a Lendy Park boy and girl. I would also value your feedback on how you feel we are performing in meeting these outcomes. Link: [Expected Student Outcomes](#)
