

LENDY PARK SCHOOL

THE PA NEWSLETTER

Term 1 | March 2024

Hello Lendy Park Parents

"Children are a heritage from the Lord, offspring a reward from him."
Psalm 127:3

The end of term is upon us, and what a whirlwind it's been! Juggling between supporting our children, work, and social commitments is no easy feat. We deserve a pat on the back for all our careful planning, commitment, and sacrifice.

From the Desk of the Chairperson

Chenesai Mukora-Mangoma

Events This Term

Athletics Meets

Three meets are scheduled: one was held at Ruzawi on Saturday in which our children did their school and parents proud: placing in many of the events. Another is scheduled for Wednesday at Springvale House and the EPSA event, the last one on Saturday, March 23rd at Mother Touch in Harare. Let's continue

showing up and cheering on our children! Their performance thrives with our presence.

Fun Day - Led by Chishamiso Musariri

What a day was had at the fun day! A massive thank you to you all for supporting this year's initiative. We look forward to seeing it grow and improve as we go along. It was wonderful to see all the kids enjoying themselves and experience the variety of stalls and food. A very special thank you to Mr Anderson and his team for supporting the PA in making this happen. We are always open to suggestions on how this can be improved

Future Events

Chess Club

Following a suggestion from the parents' assembly, we proposed a chess club to the administration. While they welcomed the idea, budget constraints prevent purchasing chess boards. We'll obtain quotes and invite interested parents to contribute towards their purchase.

The BIG Container Project

The parent community is buzzing! A

proposal for a container housing toilets, a tuckshop, and a kitchen at the sports fields was presented to the administration. They're keen on exploring this but, again, budget limitations exist. We'll gather quotes and brainstorm ideas at the parents' assembly to bring this project to life, considering the financial constraints we all face.

Term 2 Fundraising Initiative – The Sponsored Walk

Led by Rachel Magaya, this initiative will involve a sponsored walk. Children will receive sponsorship sheets at the end of Term 1, with a minimum fundraising goal of US\$20 per child. To ensure fairness, this amount will be collected from each parent. More details about the event will be shared soon.

Thank you for your continued support!
