Term 2 2024 Calendar

Reservoir

I am pleased to announce that we made the initial payment for the reservoir this week; delivery is expected within the next few weeks.

The reservoir, along with the pump, was financed through the First Term levy and will be the initial step in resolving our watering issues.

I would like to express my gratitude to the parent body for their support of this essential development for our school.

"Let the words of my mouth and the meditation of my heart be acceptable in your sight, O Lord, my rock and my redeemer." Psalm 19:14

The battle for creative minds.

Tanatswa Siyawamwaya

I am very pleased that we have successfully initiated the chess club at the school. The Grade 1 and 2 children who stay for the afternoon, as well as the Grade 3 and 4 students have regular scheduled sessions once a week.

The initial sessions have underscored the importance of this initiative in developing the children's thinking skills, self-control, planning ahead, learning to lose with grace, learning to win with compassion for their opponent and learning how to take turns. As time progresses and the children learn the functions of each piece, and with a corresponding increase in the complexity of the game, even greater cognitive benefits will be realised.

I would like to express my gratitude to the Parent Association and to the individual parents who have supported this initiative as we strive to develop intentional and creative thinkers. It will be extended to other year groups next term when the timetable is less congested.
